

The STEWARDSHIP ALLIANCE

Sowing Seeds of Influence™

"To equip and train advisors in personal and practice growth, competency, process, and paradigm from a sound Biblical perspective so as to accomplish greater Kingdom Impact in their practices, The Life♥Stewardship™ Institute is the most comprehensive training available today in my opinion."

"My affiliation with The Stewardship Alliance and the Life♥Stewardship™ Institute have been a great opportunity for me to fellowship with other like-minded advisors that have a heart for helping clients review their personal situation while honoring the Lord. The technical skills shared by those in The Stewardship Alliance in addition to the Biblical counseling skills I have learned have really helped me in working with clients. I look forward to continuing to work with clients as those in The Stewardship Alliance work together to help fund the Kingdom while continuing to keep family members still hugging for years to come."

Through the Life♥Stewardship™ Institute I have learned a great deal about increasing Kingdom Impact through my practice. In addition, I have been learning skills and receiving tools to put to use what I'm learning. I am more excited than ever about what God is doing through my practice thanks to the members of TSA."

“When Biblical wisdom is integrated into our financial counsel, the shining light of clarity allows the Lord’s priorities to reign in the hearts and homes of those we are called to serve in a world where overwhelming chaos and turmoil rule the day.

“The exhortation, expertise and wisdom imparted by the faculty, leaders and members of The Stewardship Alliance through the Life♥Stewardship™ Institute has been one such shining light for me as a financial advisor. “In partnership with the Lord, their focus of creating opportunities to impart wisdom in biblical stewardship with joyful abundance is as exciting as the fruits it is producing.”

The Stewardship Alliance (based on the experience of many experienced planners) developed a process that teaches you how to help your clients get the answer of ‘how much is enough’. The Institute also gave me the tools to better counsel my clients in the area of maximizing their giving potential whether their time, talents or treasures.”

The Institute opened my eyes to the endless opportunities that exist for clients when they work with a qualified team of advisors to create an estate plan representing the heart of the clients. The Life♥Stewardship™ Institute brings in Christian professionals in the top of their field to present case studies and ideas and to openly teach and share with us how we can apply them in our own practices.

“The Stewardship Alliance has turned my financial vocation into a ministry. I am a better steward of my assets and my financial practice because of the training I have received from the TSA; and I’m coaching my clients to be better stewards of God’s blessings. Not only has The Stewardship Alliance given me greater competency as a financial professional but it has also plugged me into a support network of the country’s best tax attorneys, estate planning attorneys, financial planners and estate planners. My knowledge and expertise has been broadened and I have the greatest confidence knowing that I have the resources of The Stewardship Alliance backing me up.”

“As my mentor, Bill Bright, the Founder of Campus Crusade for Christ used to say, “If you want to reach the world for Christ, you have to reach the leaders”. That is what I most enjoy about my relationship as a Founding Member of The Stewardship Alliance; it’s “Iron sharpens Iron” with other leaders in the stewardship movement—it’s a band of brothers (and sisters) with a common heart for the King and His Kingdom!”

Having been a financial counselor since 1970, I became “fee-only” in 1974 (way before it became popular!). I was honored to be one of the earliest recipients of the Certified Financial Planner® (CFP®) designations. Having been part of numerous professional organizations over the years and receiving lots of training from many fine organizations, I feel most blessed by my affiliation with The Stewardship Alliance (TSA). TSA’s members have the highest level of personal character as well as professional competence, but what I really appreciate about my brothers & sisters in Christ who are part of TSA is their hearts and their integrity. I know of no other professional organization in America whose members are as passionately committed to the Lord and to helping fulfill the Great Commission!

Since joining The Stewardship Alliance, my paradigm towards clients has changed. My desire now is to assist clients in understanding the potential Kingdom impact of their planning decisions. The quality and competency of the members of The Stewardship Alliance as well as those who are faculty in the Life♥Stewardship™ Institute instructors has been greater than I have experienced in any other professional organization.”
