

The Institute was created by The Stewardship Alliance as the resource for the teaching, training and mentoring of those who are Associates in The Stewardship Alliance. (TSA). The Institute curricula offers advanced teaching and process training to Advisors serving clients in the two distinctive practice areas.

Life♥Stewardship™ Associates

This curriculum provides a strong foundation for those serving individuals and families who are highly blessed in the financial area of their lives as well as mid net worth clients. This curriculum includes teaching of advanced methods and protocols and a high level proprietary process so as to best prepare Advisors for the distinctive and complex level of professional activity and steward leadership required by the highly blessed market, which can easily be scaled to the mid net worth market.

Note: It is anticipated that a diligent student may complete this Institute curriculum, including 5 Live Sessions, the online coursework, the required reading list, and the training webinars and telecoms, within a period of just over 1 ½ Years.

Stewardship FOR Life™ Associates

This curriculum provides a strong foundation for those who serve mid net worth clients. The curriculum includes teaching of methods and protocols that will enhance the services provided by Advisors to their clients, providing greater Kingdom Impact, allowing the Advisor to take his/her practice to the next level. The unique, proprietary process included in the curriculum will prepare Advisors to expand their steward leadership and their practice activity.

Note: It is anticipated that a diligent student may complete the entire Stewardship For Life™ curriculum of the Institute, including 2 Live Sessions, the online coursework, the required reading list, and the training webinars and telecoms, within a one-year period.

Many who currently serve mid net worth individuals and families chose to enroll in the Life Stewardship curriculum so as to better recognize those areas where they can provide steward leadership in the lives and financial areas of current clients while preparing for the expansion of their practices with clients who are highly blessed financially as God provides divine appointments with those individuals. Other students choose to enroll as a in the Stewardship for Life curriculum so as to get started, and then evaluate their call to participation in the expanded curriculum of the Life Stewardship curriculum.

Although separate and distinctive processes are utilized by Life♥Stewardship™ and Stewardship for Life™ Associates, within TSA this logo for The Stewardship Solution™ is often utilized to simply describe the importance of Stewardship in the leadership process with individuals and families that Advisors serve. It introduces the importance of stewardship as "THE SOLUTION" launching the individual and family to a new perspective of faith in life. The Stewardship Solution™ client leadership processes are designed to take individuals and families from Insight to **END**sight about their lives, beginning with their faith walk with the Lord and leading to their understanding of the importance of the integration of Biblical Stewardship into the whole of their lives and decision making.
